About INFOhio | Academic Content Standards | New and Upcoming | Other Resources

INFOhio, a virtual K-12 library, transforms teaching and learning by connecting educational resources with the power of information technology.

INFOhio's online catalogs

INFOhio mission includes online access to the following:

Step 2

School library automation

INFOhio uses the SirsiDynix software which is installed at all 23 Ohio Information Technology Centers. There are currently more than 2,400 libraries, 480 school districts, and more than 1.1 million students using SirsiDynix. These sophisticated library automation software packages allow member schools to locate materials with a Web-based catalog and manage materials with integrated components, including circulation, cataloging, reports and inventory.

INFOhio eBook Collection

The **INFOhio eBook Collection** contains titles available for online viewing or download to electronic devices. This collection includes 600-plus e-book public-domain titles from *Project Gutenberg* and 69 audio books from *ThoughtAudio*. These classic literature authors and titles were selected from school recommended reading lists and are available in multiple e-book formats.

Digital Video Collection

The Ohio Area Instructional Media Centers **Digital Video Collection** includes hundreds of digital videos that have been made available at no cost to Ohio K-12 districts. Search by keyword or browse through a list of available programs. Use the **View** link to stream a program or the **Download** link to save to your computer.
