Part of INFOhio's 21st Century Learning Commons, the *21 Essential Things for 21st Century Success*, offers 21 self-directed tutorials created for Ohio educators:

- To explore and engage in the INFOhio resources along with Web 2.0 tools.
- To develop creative ways to use these resources to engage learners, to collaborate with other classroom teachers and librarians and to develop a personal learning network.
- To understand relationships to 21st century standards.
- To learn on their own, earn CEUs or college credit.
