

World Book Kids is a general reference Web site developed especially for younger users. Based on the award-winning World Book *Student Discover Encyclopedia*, this site offers simple navigation, easy-to-read articles, thousands of illustrations and a wealth of engaging activities.

Use **World Book Kids** for:

- **Just about any subject** – From thousands of easy-to-read articles, images and illustrations, interactive games and activities and teacher resources.
- **Hands-on Activities** – Keeps young students engaged in research – “Think it!” “Be it!” and “Play It!” activities cover a variety of curriculum topics.
- **Definitions** – The *World Book Dictionary* contains more than 248,000 definitions.
- **State and Country information** – The *Atlas* provides up-to-date full-color maps of the world, continents, countries, states, provinces and many cities.

To enter the resource, start from the INFOhio home page, <http://www.infohio.org>.

- Click on *Resources for Grades K-5 or Core Collection*.
- Click on the **World Book Kids** button.
- If necessary, enter your username and password.

Graphical browse helps early readers navigate the site.

Hands-on activities cover a variety of curriculum areas.

Sample Results

The screenshot shows the World Book Kids website interface. At the top, there's a navigation bar with 'WORLD BOOK' and 'Kids' logos, and a search bar. Below the search bar, there are category tabs like 'People', 'Places', 'Science and Mathematics', etc. The search results for 'Dinosaur' are displayed, showing 1-5 of 23 items. The first article is titled 'Dinosaur' and includes a picture of a Tyrannosaurus Rex. A callout box points to the article content, listing various sub-topics like 'Introduction', 'Kinds of dinosaurs', etc. Another callout box points to the article's metadata, including 'Print', 'E-mail', and 'Save' options. A third callout box points to the article's text, which describes dinosaurs as prehistoric reptiles that ruled Earth for about 160 million years. A fourth callout box points to a picture of a Tyrannosaurus Rex, with a caption: 'A Tyrannosaurus rex used its strong jaws to attack its prey'.

Find related Web sites, additional information, and how to cite the article.

Articles can be printed, sent to an e-mail address or saved in PDF or HTML format.
