

Join us for a free, interactive video conference professional development workshop for teachers, librarians, curriculum coordinators, guidance counselors and technology coordinators. CEU certificates will be provided.

Science Online: Explore INFOhio's New Science Resource

November 18, 2008, 3:30-4:30 p.m.

Come and join INFOhio as we explore our new science database, **Science Online**. From forensic science to global warming, from tsunamis to invasive species, Facts on File's **Science Online** offers relevant information for today's students. With diagrams, experiments, news articles, a science dictionary and focus sections in 10 science areas, **Science Online** provides information defined by topics and terms, images and videos, experiments, biographies and news articles.

This session will provide applications for librarians and teachers using **Science Online** to enhance and develop student research skills. Join us for this informative session to foster student understanding of today's science in an ever-changing world.

The session presenter is Connie Evans, New Philadelphia High School Library Media Specialist.

To schedule this video conference, e-mail Melissa Higgs-Horwell, Distance Learning Coordinator at the SCOCA ITC, melissah@scoca-k12.org, with your contact information, video conference contact person, site name, IP address and troubleshooting phone number.
