**Content Area: Library**

Standard: 04. Library-based Technology  
Effective school library media programs provide, integrate and utilize a technology rich environment to support teaching and learning. Expanded access to information is achieved by providing cutting-edge technologies that enable the school library media center to function as a virtual gateway to information. Technology is used to acquire, organize, produce and disseminate information. Assistive technologies equalize access to information for all students. The school library media specialist provides leadership to students and staff in the use of the Internet, electronic resources and other library-based technologies.

Grade Band: K-12

Benchmark: C. Demonstrate effective usage of library-based technologies, including the Internet and other electronic resources for teaching and learning.

Grade Level: Grade Twelve

Indicator: 09. Facilitate linkages to and integration of state electronic resources (e.g., Area Media Centers, INFOhio, ODE Instructional Management System, Ohio Historical Society, Ohio Resource Center).

OSIC Code: Y2003.CLB.S04.GKG-12.BC.L12.I09

**Content Area: Library**

Standard: 06. Technology Literacy  
Effective school library media programs provide technology literacy skills instruction in the use of library-based technologies. Technology literacy skills include the appropriate and ethical use of technology for information access, retrieval, production, dissemination via electronic resource networks and the Internet.

Grade Band: 6-8

Benchmark: C. Select, access and use appropriate electronic resources for a defined information need.

Grade Level: Grade Seven
