

## What people are saying...

"I am pleased as punch with the MORE system... It is like magic that my little library is receiving resources from all over Ohio. Last Friday, 44 items arrived that helped students with their research papers. My district is thrilled with this system!"

**- Melody Pesta, Librarian,  
Edison High School, Richmond, OH**

"I'm a member of a local book club. Since our library joined the MORE system, we have found that in most cases all of us can find the book we need either in our library or by borrowing from other libraries with MORE. It is very convenient and saves us money each month."

**- Sara Stephens, Patron,  
Newark Public Library**

"Many of our patrons don't have the disposable income to purchase cds and movies, and as a result they have come to rely on the library for those resources. With MORE, we greatly increase the size and scope of our collection and give our patrons a better chance of finding the specific cd or movie they are searching for."

**- Beth French, Librarian,  
Cuyahoga County Public Library**

Ohio Libraries Bring You

**For more information about MORE,

# Do you ever find yourself just wanting **MORE?**

**MORE** books?

**MORE** movies?

**MORE** selection?

**MORE** convenience?

made

**MORE** simply?

and

**MORE** quickly?

**Moving Ohio Resources Everywhere**

**Now you can have all that with MORE,** the new system that is connecting your local library with the resources, books, music and video collections of more than 100 of Ohio's public, school, academic and special libraries.

MORE is a statewide resource-sharing network that is patron initiated and patron centered. It was developed in 2001 by the Ohio Public Library Information Network (OPLIN) and the State Library of Ohio and is guided by the vision that *any* Ohio library patron will be able to borrow *any* circulating item from *any* Ohio library.

### Offering MORE benefits to Ohio:

- With MORE, you have access to a much wider array of books and other items than what your local library can provide alone.
- MORE is user-friendly. Even if you have limited computer skills, you can access and use the system with ease.
- MORE allows you to manage the process by placing the requests yourself, which also saves your library extra paper work and staff time.
- Your library will be able to respond to unanticipated demands in a more efficient and cost-effective manner than with traditional Interlibrary Loan.
- As the number of libraries signing up for MORE continues to grow, so will your selection of books, music, video and software.

## How MORE works for you...

If you've searched your home library's catalog and can't find what you're looking for, you can try to find it using the MORE system. All you need is a local library card to search the catalogs of participating libraries across Ohio. Any items you request will be delivered to the circulation desk of your home library for checkout. It's that simple – and it's free!
