

INFOhio Building a Link

SchoolRooms is an online portal designed for students grades 3-12. Teachers can build links that directly link to a Room or content in SchoolRooms.

Step One: Find the content.

Step Two: Create a link.

To create a permanent link to this Room, copy the URL.

Step Three: Publish the link for your students.

- In course management software such as **Blackboard** or **Moodle**.
- On local **Web** site.
- In a shared **Word** document such as **Google Docs**.
- In a printed **Word** document.
- On the chalkboard or whiteboard in your classroom.

Step Four: Students use the link.
