

CORE COLLECTION PLUS PRICE LIST 2008

Version 2.1 – January 14, 2009

INFOhio, in conjunction with the Technology Solutions Group ([mc•tsg](#)) of the Management Council Ohio Education Computer Network (MCOECN), is pleased to offer, for the tenth year, discounted pricing for the following electronic resources to all schools in Ohio. INFOhio includes resources that support the curriculum of Ohio's PreK-12 schools and offers products from six vendors, representing 11 individual products. As additional offers become available, they will be added to this price list.

Due to INFOhio's limited funding and staff reductions, INFOhio's Electronic Resources Vendor Preview was not held during January, February and March 2008. While the program has been popular with students, educators and vendors, funding realities made this decision necessary.

Prices are in effect for the 2008-2009 school year, unless otherwise noted.

INFOhio Electronic Resources Core Collection

INFOhio, using funds provided by the Ohio General Assembly and the Library Services and Technology Act, makes available to all PreK-12 schools 15 online resources. While an excellent beginning collection, these products do not represent a comprehensive collection of electronic resources for today's schools.

Special Note: INFOhio continues to work with the State Library of Ohio, OhioLINK (academic libraries), and OPLIN (public libraries) through the statewide initiative *Libraries Connect Ohio*, to provide state-supported access to several electronic resources.

Disclaimer: INFOhio provides the *Core Collection Price List 2008* as a service to Ohio K-12 educators. However, inclusion of a product in the *Price List* does not indicate an endorsement by INFOhio.

Questions about Web connectivity should be addressed to your local Instructional Technology Center or your local Internet service provider. For ITC contact information, select the *About INFOhio* link, click on *Organization*, and then go to *ITC Directory*. The direct URL is <http://www.infohio.org/ABOUT/dasites.html>.

\$0.30 per student in grades 9-12, after weighting enrollment at 75%.

The minimum price per district is \$275.

The maximum price per district is \$1,850.

Grades K-8 are included at no charge for district-wide pricing.

AccessScience District Pricing Example: George Washington School District has 2,000 students in grades 9-12. After weighing enrollment at 75%, that figure becomes 1,500. At 30 cents per student, district-wide pricing would be \$450.

AccessScience Building Pricing:

AccessScience pricing per building is the same for grades 9-12 as it is for the entire district, except the maximum is \$525 per building for grades 6-8 and \$1,000 per building for grades 9-12. *AccessScience* is \$0.30 per student in grades 6-8, after weighing enrollment at 50%, if a middle school building subscribes individually.

AccessScience Building Pricing Example (High School):

Abraham Lincoln High School has 2,000 students in grades 9-12. After weighing enrollment at 75%, that figure becomes 1,500. At \$0.30 per student, pricing for that building would be \$450.

AccessScience Building Pricing Example (Middle

School): Teddy Roosevelt Middle School has 800 students in grades 6-8. After weighing enrollment at 50%, that figure becomes 400. At \$0.30 per student, the price would be \$120, but in this case, the minimum price of \$275 applies.

Pricing in effect through June 30, 2008. Orders placed July 1, 2008, and after will be priced at \$0.33 cents per student, with the same other weighting and minimum/maximum criteria applied.

Ordering Information: Contact Christine Morris; OHIONET; 1500 W. Lane Ave., Columbus, OH 43221; Phone: 800-686-8975, ext. 29; E-mail: christinem@ohionet.org.
