INFOhio Early Learning Portal

Prepares children ages 3-5 for success in school

Hi! I'm Early Bird, and I have some fun websites and apps that encourage your child to:

- Early reading
  - Read, Write, Talk, Sing - BookFlix
- Letters and sounds, early reading
  - Read, Write, Talk, Sing - Starfall
- Letters and sounds, words
  - Read, Write, Talk, Sing - Word Wagon

Learn letters, numbers, and basic knowledge
Interact with other children and adults
Engage in meaningful play
Develop focus and problem-solving skills

www.infohio.org/early-learning

Your child's teacher recommends:

1. Go to www.infohio.org/early-learning
2. Click the Parents button
3. Use the below resources to help your child with specific skills
4. Read the Parent Tips and try the additional Parent Resources
Ten Ways to Help Your Child Be an Early Learner!

1. Play games with your child.
2. Read and listen to eBooks with your child—and print books, too!
3. Talk to your child. Ask questions. Point out what you like or find funny. Discuss what he learned.
4. Sing songs and dance with your child. Create song and dance routines or make it up as you go along!
5. Encourage learning anywhere and with anyone—outside the home and with other children.
6. Make time for technology-free play. Put away devices at certain times. Set limits on how often technology is used.
7. Help your child be present and mindful. Use one resource at a time and finish before a new activity is started.
8. Look for parent support tools in the resources. Learning more about them will help you help your child.
9. Communicate what you know. Your child might know a lot about how to use the resources, but you know more about when and why to use the resource.
10. Trust your judgment. You know best about what resources are appropriate for your child’s maturity, knowledge, and behavior.

You can find more tips on the Early Learning Portal!
