## BEFORE READING

**Ask** your child about riding a bus and/or a bike. **What did your child see** while riding? **What are** some of the different kinds of bikes and/or buses?

## READ

### The Bus Ride and Bikes

## ACTIVITY

### Write a List Poem

1. **Discuss** with your child some of the other types of vehicles that help people move from one spot to another.
2. **Look** out the window or take a walk around the neighborhood and see how many ways to move that you can find
3. Use the chart below to **record your findings**.
4. Then, **follow the directions** to finish writing a list poem about "Things on the Move."

## MORE FUN ACTIVITIES

### Busy Town

Create your own fleet of moving vehicles.

You will need:

- glue
- sticks (popsicle sticks or even tree twigs will do)
- paper
- scissors
- crayons or markers

**Cut out** geometric shapes to form the vehicles. You can **use different shapes** to make a vehicle. For example, for a school bus you might use a rectangle for the body, a square for the front, squares for windows, and circles for wheels. **Put together** the vehicles and attach them to the stick. **Create a fleet** for all the different kinds of vehicles that can be found in a busy town. **Include a bicycle** like the ones you read about and ones that you put in your list poem.
