

Dear Parent or Caregiver,

I'm so excited to introduce you to **Storia School Edition for Grades 4 and 5** brought to you by INFOhio—the eBook library that our grade is using this year!

Students love Storia's digital reading experience. Having Storia eBooks for our classroom is a huge help for motivating readers and bringing an exciting digital component to our daily curriculum.

What's really great is that your child has his or her very own account so he or she can also sign in to Storia at home to read eBooks on his or her own or complete class assignments. Access at home is free, and you can sign in on any device with an Internet connection, including desktops, laptops, and tablets.

To help your child sign in, please go to the URL listed below and enter his or her username and password.

Happy eReading!
